LaSalle Solutions renews Cisco TelePresence Video Master Authorization in US

ROSEMONT, Ill., May 8, 2018 — [LaSalle Solutions](http://www.lasalle.com), a leading provider of technology lifecycle management services, announced today that it has been officially renewed as a Cisco Authorization - Cisco TelePresence Video Master Partner in the U.S. This designation recognizes that LaSalle has again met the resource requirements and demonstrated its qualifications to sell, install and support customers with Authorization – Cisco TelePresence Video Master products and solutions.

“Our customers look to us to ensure a unified communications strategy that enables seamless collaboration across different locations and departments,” said Steven Robb, president of the Solutions Group at LaSalle Solutions. “The Cisco TelePresence Video Master Authorization shows our dedication to delivering comprehensive, integrated communication and collaboration solutions that will continue working for our customers now and into the future.”

The Cisco TelePresence Video Master Authorization Program is focused on providing a new way of working in which everyone, everywhere can be more productive through face-to-face collaboration with Cisco TelePresence Video solutions. A Cisco TelePresence Video Master Authorization Partner has the greatest depth of knowledge and skill in deploying the entire Cisco video endpoint portfolio, which comprises single- and triple-screen Cisco TelePresence units, custom TelePresence suites and infrastructure solutions. Cisco TelePresence Video Master Authorization Partners possess deep networking and advanced Cisco Unified Communications capabilities, regional to global coverage, and a strong and mature services practice.

About Cisco TelePresence and Video Collaboration Solution

Cisco TelePresence and Video collaboration solutions provide lifelike, high-definition conferencing facilities with superior audio and video, allowing participants to meet their colleagues, customers and business partners across a virtual table. Participants can enjoy a same-room meeting experience, even if they are located in different locations around the world. Participants can also meet more

often and enjoy more productive sessions, helping to improve business interactions while potentially building stronger customer relationships, accelerating sales cycles, improving project management and forming tighter integration with remote offices.
