## **LaSalle Solutions Launches New Website**

**ROSEMONT, Ill., May 3, 2018** — [LaSalle Solutions](http://www.lasallesolutions.com), a leading provider of technology lifecycle management services, announced today the launch of its newly redesigned website at [www.lasallesolutions.com](http://www.lasallesolutions.com). The updated site reflects the continued advancement of LaSalle's services and solutions, as well as the evolution of the company's brand.

LaSalle Solutions began as a technology leasing company before launching its solutions business to reflect a broader range of offerings, including LaSalle's industry-leading information management platform, [LAMP](#). In 2016, LaSalle further expanded its services through BreakFree Solutions, a LaSalle company providing practical cloud, DevOps and automation services to enterprise organizations.

Today, LaSalle helps customers take control of their complete technology lifecycles from acquisition through installation and management for local and global environments.

"We are committed to providing the best possible service to our customers while growing with them and adapting to their changing needs," said Robert Metzen, president and CEO of LaSalle Solutions. "As those needs have changed over the years, so has our business, and we wanted our new website to reflect that continued evolution."

From its revamped look to improved content and navigation, the new LaSalle website was rebuilt from the ground up to deliver a better overall user experience. Changes include multiple page consolidations and the addition of a "Resources" menu to provide site visitors with a direct link to important content.

## **About LaSalle Solutions**

Founded in 1980, LaSalle Solutions is a leading provider of technology lifecycle asset management services. LaSalle enables its customers to improve their technology operations through enhanced processes, management and reporting for better planning and return on investment. LaSalle Solutions' processes, outstanding

customer service and powerful, market-leading cloud-based platform, LAMP, enable customers to obtain better business outcomes through transparency and reliable results at their fingertips.

LaSalle Solutions is a division of MB Equipment Finance LLC, a subsidiary of MB Financial Bank, N.A., a commercial bank headquartered in Chicago. MB Financial Inc. is the publicly traded holding company for MB Financial Bank, N.A. and is traded on the NASDAQ as “MBFI.”
